### Martial Arts

Grades 1-6

In Martial Arts, confidence is paramount. With a focus on defensive Karate Martial Arts, our coaches use basic movement forms together with improv-based activities to guide students in applying the forms to different scenarios. In this way, students will learn effective communication and problem-solving skills, teamwork, and self-defense. We place an emphasis on building a strong sense of self and trust within a nurturing environment that fosters respect, kindness and honesty. All skill levels are welcome!
