Musical Theatre

The Production Club

This 19-week program has students building a musical theatre production from beginning to end! Students select the show, write the script, cast roles, create the choreography, design the stage, build the props, promote the show, practice, rehearse...and after all the hard work, stage the show for family and friends!

In the winter session, students coalesce as a group and lay the groundwork for the show. They assign roles and responsibilities: lead performers, cast, crew...there is a place for everyone!

In the spring session, the work of bringing the big show to life begins: learning lines and choreography, creating props and costumes, and practice, practice, practice!

In May, family and friends will be invited to witness the talent and hard work at the final performance!
