

KIDS gardening CLUB

Join the Northlea Kids Gardening Club, an 8-week after-school program where learners from Grades 2-5 will create their own take-home garden boxes!

Audrey, will guide your gardeners through fun mini-lessons as they:

- Plant vegetables from seed (in their own crafted garden boxes!)
- Create nature-inspired art
- Learn about pollinators + the underground world of worms / insects

Each session blends hands-on activities with observation time, culminating in a harvest with vegetables your gardeners have grown themselves!

Tuesdays | 3:05 pm - 4:15 pm

STARTS
APRIL 1ST

Cost: \$175 / child
