Minecraft Ed

Using the Minecraft Edu program, Minecraft club leaders pose challenges and lead projects that inspire thoughtful, imaginative and innovative ways of using the virtual tools at hand.

Using the ever evolving and changing engine of Minecraft we can deliver an exploration of hundreds of lessons created by educators around the world, for students of all ages. Using a game-based learning approach students work together to collaborate in multiplayer mode. They play in safe and secure environment that are generated by Minecraft. Minecraft education allows for a personalized experience with accessibility features.
