## Wilderness Explorers

The Wilderness Explorers program is an exciting hands-on adventure for kids to develop essential outdoor survival skills. It's the perfect way to build confidence, teamwork, and a love for nature

Young explorers will learn how to tie strong knots, identify animal tracks, and recognize bird calls in the wild. They'll master fire-building techniques, construct shelters, and create sundials and compasses to navigate the outdoors. Through map reading and trail marking with rocks, they'll enhance their sense of direction while foraging safely in the forest. The program also teaches the importance of packing a proper emergency kit, ensuring kids are prepared for any outdoor challenge.
